EXAMPLE OF STUDENT WORK

"I made some hot dog earrings out of Sculpey in Creative Crafts. First of all, I got the sculpey and rolled the yellow into bread. Then I mixed some red and pink together to make the hotdog. I rolled it into the right shape, I put the hotdog into the bread. I put the little silver ring into the top. My hotdog then got cooked at 150 degrees Celsius for 15 minutes. Once they were cooked we put the earring attachments on. I am really proud of what I made."
